About WOCA Denmark

UK WOCA Denmark develops, produces and markets a complete range of wood care products for basic treatment and maintenance of wood surfaces for the retail and industrial market.

WOCA Denmark is a leading company in the Danish retail market as well as in a number of export markets. The industrial products are sold to leading floor and furniture factories in Europe, China, Southeast Asia and America.

DE WOCA Denmark entwickelt, produziert und vermarktet ein komplettes Programm für Grundbehandlung und Pflege von Holzoberflächen für den Konsumentenmarkt sowohl als auch für den industriellen Markt für Oberflächenbehandlung.

WOCA Denmark ist marktführend auf dem dänischen Konsumentenmarkt und auf einer Reihe von Exportmärkten. Die Industrieprodukte werden an leitende Parkett- und Möbelfabriken in Europa, China, Südostasien und in den USA verkauft.

NL WOCA Denmark ontwikkelt, produceert en vermarkt een compleet assortiment houtverzorgende producten voor de basisbehandeling en het onderhoud van houten oppervlakken, voor detailhandel en industrie.

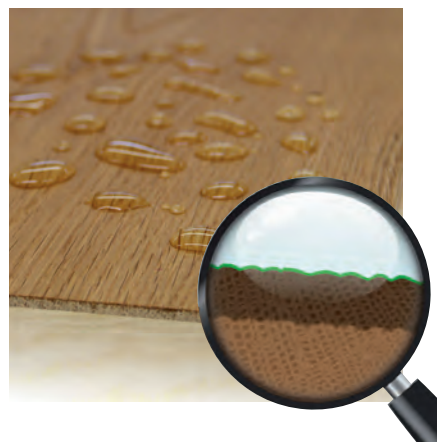

WOCA Denmark is toonaangevend in de Deense detailhandel en in een groot aantal exportmarkten. De industrieproducten worden verkocht aan vooraanstaande vloer- en meubelfabrikanten in Europa, China, Zuid-Oost Azië en Amerika.

FR WoodCare Danemark développe, produit, commercialise, une gamme complète pour la préparation, le traitement, la finition et l'entretien des boiseries intérieures et extérieures soit pour le marché de détail soit pour le marché industriel.

WoodCare Danemark est leader sur le marché de détail danois ainsi que dans plusieurs marchés d'exportation. WOCA est devenu le fournisseur attitré des fabricants de parquet leaders en Europe, Asie du sud est, Chine et aux Etats-Unis.

ES WOCA Denmark desarrolla, produce y comercializa, un gama completa de productos para el cuidado, para el tratamiento y el mantenimiento básico de las superficies de made a, para el mercado minorista e industrial.

WOCA Denmark es una empresa líder en el mercado minorista Danés, así como en una serie de mercados de exportación. Los productos industriales se venden en las fábricas líderes de pavimentos y mobiliario en Europa, China, sudeste de Asia y América.

WOCA colours

A new look for your wooden floor | Geben Sie Ihren Holzböden einen neuen Look | Een nieuwe look voor uw houten vloeren | Un nouveau look pour vos parquets | Un nuevo look para sus suelos de madera

Wood floors with edge and character

Add some unsurpassed beauty and distinctive character to wood floors with unique blends of colours and finishes. The possibilities are endless.

Holzböden mit spezieller Eigenart

Führen Sie unübertroffene Schönheit und markante Eigenart zu Holzböden mit einzigartiger Mischung von Farben und Oberflächenbehandlung. Die Möglichkeiten sind endlos.

Houten vloeren met voordelen en karakter

Voeg wat onovertroffen schoonheid en een uitgesproken karakter toe aan houten vloeren, met unieke kleurcombinaties en afwerkingen. De mogelijkheden zijn eindeloos.

Des parquets avec du charme et de caractère

Ajoutez un peu de la beauté et du caractère à vos parquets, en utilisant nos combinaisons de couleurs et de finitions uniques. Les possibilités sont infinies.

Suelos de madera únicos y con personalidad.

Añadir un poco de belleza sin igual y el carácter distintivo de los pavimentos de madera con mezclas únicas de colores y acabados. Las posibilidades son infinitas.

Pre-treatment

The overall purpose of pre-treating wood floors is to create beautiful effects and contemporary designs. All pre-treatments are finished with one of the WOCA basic treatment products.

Vorbehandlung

Die Vorbehandlung von Holzböden hängt davon ab, welches Ziel Kunden erreichen wollen, beispielsweise beizen, den natürlichen Prozess des Vergilbens vermeiden oder dem Holz eine Färbung geben, bevor die Oberfläche mit einem unserer Produkte zur Grundbehandlung bearbeitet wird.

Voorbehandeling

Houten vloeren krijgen doorgaans een voorbehandeling om mooie effecten en eigentijdse designs te creëren. Elke voorbehandeling wordt afgewerkt met een van de basisbehandelingsproducten van WOCA.

Prétraitement

L'objectif global du prétraitement des planchers en bois est de créer de splendides effets et des designs modernes. Les prétraitements sont finis avec l'un des produits de traitement de base WOCA.

Pretratamiento

El propósito general del pretratamiento en los suelos de madera, es crear hermosos efectos y diseños contemporáneos. Todos los pretratamientos se acaban con uno de los productos de tratamiento básico WOCA.

Basic treatment

Our floor finishing products are based on natural oils and soaps, which strengthen and stimulate the natural qualities of the wood.

Grundbehandlung

Unsere Bodenpflegeprodukte enthalten natürliche Öle und Seifen zur Erhaltung und Verbesserung der natürlichen Vorzüge verschiedener Holzarten und schützen die Oberflächen gegen Schmutz, Fett und natürliche Abnutzung.

Basisbehandeling

Onze producten voor de afwerking van vloeren zijn vervaardigd op basis van natuurlijke oliën en zeep die de natuurlijke eigenschappen van het hout versterken en stimuleren.

Traitement de base

Nos produits de traitement des sols sont composés d'huiles et savons naturels, qui renforcent et stimulent les qualités naturelles du bois.

Tratamiento básico

Nuestros productos de acabado para pavimentos se basan en aceites y jabones naturales, que fortalecen y estimulan las cualidades naturales de la madera.

Maintenance

Regular maintenance is vital in order to keep the wood floors in a strong and beautiful condition for a long time. Well-kept surfaces also result in fast and easy cleaning and maintenance.

Pfleg

Regelmäßige Pflege ist notwendig, um Holzböden so lange wie möglich stabil und in einem schönen Zustand zu erhalten. Gut gepflegte Oberflächen lassen sich zudem schneller und einfacher reinigen und pflegen.

Onderhoud

Regelmatig onderhoud is vitaal om lange tijd van sterke en mooie houten vloeren te genieten. Goed onderhouden oppervlakken zijn ook gemakkelijk en snel schoon te maken.

Entretien

Un entretien régulier est essentiel pour maintenir la solidité et l'aspect des sols en bois pendant longtemps. Les surfaces bien entretenues permettent également un nettoyage et un entretien rapides et faciles.

Mantenimiento

El mantenimiento de forma regular, es vital para mantener los suelos de madera, fuertes y hermosos durante mucho tiempo. Las superficies bien cuidadas, repercuten en una limpieza y mantenimiento rápido y fácil.
